In the main building you will see the DXCC Department which handles the premier operating award in all of Amateur Radio, the QSL bureau, the Bookstore, museum, the Lab, and some of the staff. More info can be found at: www.arrl.org/visithq.html

Motor coach - HAGEY COACH & TOURS, INC. of Souderton will be providing the transportation in modern over the road coaches. Their drivers are totally professional. They are equipped with airline type seating, rest room, and CCTV. The driver on our last tour to NYC was Bob Bergey and he has an interesting website www.eightwheels.com. Once you read his site you will see how serious they are in your safety. Hagey's website is: www.hagey.com/store/

Payment - The per person ticket cost is \$45.00 which is payable at <http://www.k3dn.org/paydues.htm> Transportation is a modern 47 passenger Hagey Tours Motor Coach. Please try, if possible, using the PAY-PAL tab on the website for payment. This makes signing-up very easy for all. If after paying, you can not make it, we can refund your money if more than 21 days prior. If after that date, we would need to find someone to fill the seat so that the WARC isn't on the hook for payment of a empty seat.
